Winter Underwear of Interlock knit Cotton and Polyester

SEARS BEST BECAUSE:

- Lighter weight than our thermal underwear, yet equally warm
- Feels soft and luxurious for long-wearing comfort

(1 thru 3) FABRIC Blend of lustrous cotton and polyester knit with a close, firm interlock stitch that creates a single-layer fabric with the heat insulating quality of a double-layer fabric . but with less weight and bulk. Feels soft, smooth and warm; has a high degree of shape-retention; launders easily. A touch of spandex in the ribbed cuffs of tops and pants and in the turtleneck gives a neat, snug fit that will not stretch out of shape; keeps out the cold.

DETA LING Pullover tops have set in long sleeves with ribbed cuffs, square-hemmed bot tom . . avanable with ribbed turtleneck or ribbed crew-neck, each with a screen print of Snoopy® on front Ankle-length pants have comfortable elasticized waistband, ribbed cuffs, self-fabric crotch.

HELPFUL INFORMATION ABOUT YOUR SEARS CATALOG ORDER

REGARDING OUR CATALOG PRICES

Following the policy in effect since our founding in 1886, prices quoted in Sears catalogs do not include (unless stated otherwise) charges for handling and shipping of goods from our Catalog Merchandise Distribution Center to a Sears catalog selling unit for pickup or for delivery to your home. The shipping and handling charges may differ depending on method of shipping. Information on how shipping weights are determined and details on shipping and handling charges for shipping by USPS/UPS or non-Sears truck can be obtained from the yellow customer information pages of our Big Book. Specific details on charges for handling and shipping to a Sears catalog selling unit for pickup or redelivery (if available) can be obtained from the unit either at the counter or over the phone.

Prices in this catalog apply only to orders placed by mail, telephone, telegraph or placed in person at a Sears Catalog Sales Store, Authorized Catalog Sales Merchant or at a Catalog Sales Department in a Retail Store. Retail Catalog and Appliance Store or in a Sears Affiliated Store. Comparative pricing statements made in this catalog refer only to prices on merchandise offered nationwide through our own catalogs. Catalog merchandise prices and assortments may vary from those in our Retail Stores.

ABOUT OUT-OF-STOCK MERCHANDISE

We make every effort to stock quantities of merchandise which we anticipate will be sufficient to fill orders until the expiration of the catalog. Since this catalog had to be prepared long before it reached you, and unexpected circumstances beyond our control can occur between preparation and expiration, occasionally an item you order may not be available when you order it. If an item you order should happen to be out-of-stock, here's what we'll do:

1. We will notify you as promptly as possible about the out-of-stock situation and give you our best information as to when a new supply is expected. If we don't anticipate being able to fill your order within 30 days, we will ask you to tell us whether you still want the item when it is again available. Naturally, if you tell us yes, we will charge you no more than the price in effect when you originally ordered.
2. At times we may send you an appropriate substitute item of equal or better value at the same price as your original order so that we may serve you faster. If the item is not satisfactory, you may, of course, return it for a full refund, including shipping and handling charges.
3. If an appropriate substitute for the out-of-stock item is not available and it appears that additional stock cannot be obtained from our supplier, our only alternative is to cancel your order and provide a full refund.

We are constantly working to avoid any out-of-stocks, and we sincerely regret any situation, however occasional, where circumstances prevent us from meeting our goa

COMMERCIAL QUANTITY ORDERS

The merchandise offered in all Sears catalogs is stocked in quantities intended to accommodate only individual or family needs. Therefore, we reserve the right to limit quantities in order to properly serve all of our customers. For details on commercial quantity orders, please contact Sears Contract Sales Department 733G, Sears Tower, Chicago, IL 60684.

C.O.D. ORDERS

C.O.D. orders are accepted only for merchandise sent from a Catalog Merchandise Distribution Center to a Sears Unit. You may then pick up your order or arrange with your Sears unit for redelivery to your home (if available).

If you request that your order be sent directly to you via USPS/UPS or non-Sears truck, you must include a money order, check or use your Sears Credit Account.

Nor do we ship C.O.D. orders for merchandise cut, engraved, printed or made to order, for merchandise shipped direct from factory or shipped to foreign countries or to anyone other than the person sending the order.

SHIPPING INFORMATION:

"N", "N2", "NH" suffix (such as 9-1234N) means that this item, if shipped directly to your home, is sent by motor carrier. (See non-Sears truck information pages in our Big Book.) If you prefer, pickup your order at a Sears Catalog Selling Unit — ask about pickup charges. Home delivery through a Sears unit may also be available, please inquire.

Parts of your order may be shipped from points other than your distribution center and may therefore arrive seperately at different times.

UNITED STATES POSTAL SERVICE (USPS)/ UNITED PARCEL SERVICE (UPS) SHIPPING INFORMATION

Service and parcel size restrictions limit our use of both the United States Postal Service (USPS) and United Parcel Service (UPS). For parcels qualifying for either USPS or UPS shipping, Sears will determine which method to use. With either shipping system, the table of Sears Shipping and Handling Charges for Orders Shipped by USPS/UPS applies.

USPS Restrictions—If you are served by a First Class Post Office (check with your Postmaster or Carrier), the parcel maximum weight is 40 pounds and may not exceed 84 inches—length and girth combined. At other Post Offices may deliver parcels up to 70 pounds—not exceeding 108 in length and girth combined. L suffix items (as 3-6480L) cannot be shipped by USPS to a First Class Post Office for city delivery. To other Post Offices, L items weighing less than 15 pounds but measuring over 84 inches are charged at the 15 pound rate to your zone.

UPS Restrictions—The parcel maximum weight is 50 pounds and the maximum size is 108 inches—length and girth combined. This method of shipping is not available to P.O. Box addresses, nor is it available on shipments within certain states.

To determine shipping and handling charges for USPS/UPS parcels, first find your Parcel Zone in the table below. Next, add the weights of the items that do not have a C or L suffix and find the charge for the total weight in the table below for your Parcel Zone. Figure separate charges for the weight of each item ending with C or L since each must be shipped separately.

On cash orders include enough money for shipping and handling with your order since we must prepay parcels.

On Credit Orders, Sears computes charges and adds them to your account.

SEARS GUARANTEE—Satisfaction Guaranteed or Your Money Back

Whatever you buy at Sears, you have the right to use it for a reasonable time before you determine it is satisfactory and decide to keep it. If you decide it is not satisfactory, return it to us at our expense. We will do whatever is necessary to correct the cause of your dissatisfaction. If we can't satisfactorily provide a remedy, or if you request a refund, we will refund your full purchase price including appropriate delivery and finance charges and applicable taxes.

SEARS PLEDGE OF FAIRNESS

If, after you have decided to keep your purchase, it doesn't give you the service or performance you reasonably expect of it and there isn't a specific written warranty on the item that will satisfactorily correct the problem, please let us know. We want to make an adjustment that you will consider fair.

Sears Official Disneyland Trip Contest Rules

1. **This contest is only open to children 3 through 16 years of age at time of entry.** Winners must be residents of the United States. Children of employees of Sears, Roebuck and Co., its subsidiaries, affiliates, advertising and promotion agencies are not eligible.
2. To get a Sears Official Disneyland Trip Entry Blank, place an order for any Winnie-the-Pooh, NFL or Sunny Bunch merchandise on the pages designated on p. 2 of this book.
3. On a Sears Official Disneyland Trip entry Blank, hand print name, full address and check age at date of entry. Entrant should draw and color a picture of entrant and family with any one or more Disney characters (Winnie-the-Pooh, Mickey Mouse, Goofy, Donald Duck or others) having fun at Disneyland.
4. Each drawing submitted must be on one sheet of paper no larger than 8½ x11". Only one side of paper should be used and only one or more of the following should be used: crayons, colored pencils, felt-tip pens, or watercolor paints.
5. Official Entry Blank should be attached securely to drawing and mailed to: SEARS FAMILY TRIP TO DISNEYLAND CONTEST, P.O. BOX 6253, BLAIR, NEBRASKA 68009.
6. **ALL ENTRIES MUST BE RECEIVED BY FEBRUARY 15, 1980.** Enter often, but each entry must be mailed seperately and submitted with an Official Entry Blank.
7. All entries received will be judged under the supervision of the D. L. BLAIR CORPORATION, an independent judging organization, based on the following criteria: Originality and creativity—50%. Technical ability (including blending and use of colors)—40%. Appropriateness to the scene described in rule 3 above—10%. The decisions of the judges are final on all matters relating to the contest.
8. There will be fifty (50) winners nationwide among five (5) age groups: ten winners 3 through 4 years of age; ten winners 5 through 6 years of age; ten winners 7 through 9 years of age; ten winners 10 through 13 years of age; ten winners 14 through 16 years of age. Duplicate prizes will be awarded in case of ties.
9. Each of the fifty (50) winners, and no more than 3 members of each winner's immediate family, will receive a trip to Disneyland in California, departing May 16, 1980 and returning May 18, 1980. Each prize includes round-trip transportation, hotel accommodations for two (2) nights, three (3) meals daily, admission to Disneyland and coupons for activities at the park. All travel to be within the United States.
10. The contest is void in Florida, Vermont and wherever prohibited by law. Taxes on prizes are the responsibility of the winners and their families. All Federal, State and local laws and regulations apply. No substitution of prize is permitted. Limit one prize per family. Trips are non-transferable.
11. Entries submitted must be the actual work of the child without adult assistance. An affidavit of eligibility will be sent to all potential winners to be signed by a parent or guardian and notarized to verify compliance with contest rules. This affidavit must be returned within 30 days of receipt. ALL ENTRIES RECEIVED BECOME THE EXCLUSIVE PROPERTY OF SEARS, ROEBUCK AND CO. AND NONE WILL BE RETURNED.
12. For a list of prize winners, send a SEPARATE stamped, self-addressed envelope to: SEARS FAMILY TRIP TO DISNEYLAND WINNERS LIST, P.O. BOX 6285, BLAIR, NEBRASKA 68009.

SEARS, ROEBUCK AND CO.

SEARSCHARGE SECURITY AGREEMENT

On all charges to my SearsCharge account, I agree to the following:

1 **Option to Pay in Full Each Month to Avoid Finance Charges.** I have the right each month to pay the total balance on my account. If I do so within 30 days of my billing date, no Finance Charge will be added to the account for that month. The billing date will be shown on a statement sent to me each month. The total balance on my billing date will be called the New Balance on my monthly statement.

2. **Option to Pay Installments Plus a Finance Charge.** If I do not pay the total balance in full each month, I agree to make at least a minimum payment within 30 days of the billing date shown on my monthly statement. The minimum payment required each month is shown in the Schedule of Minimum Monthly Payments below.

3. **Schedule of Minimum Monthly Payments.** The required minimum monthly payment is based on the highest New Balance in the Account.

When the "Highest New Balance" Reaches:	The Minimum Monthly Payment will be:	When the "Highest New Balance" Reaches:	The Minimum Monthly Payment will be:
$ .01 to $ 8.00	Balance	$340.01 to $380.00	$16.00
8.01 to 160.00	$8.00	380.01 to 410.00	17.00
160.01 to 180.00	9.00	410.01 to 440.00	18.00
180.01 to 200.00	10.00	440.01 to 470.00	19.00
200.01 to 220.00	11.00	470.01 to 500.00	20.00
220.01 to 240.00	12.00	Over $500.00 1/25th of Highest Account Balance rounded to the next higher whole dollar amount.	
240.01 to 260.00	13.00		
260.01 to 290.00	14.00		
290.01 to 340.00	15.00		

You may always pay more than the required minimum monthly payment. The minimum payment will change only if charges to the account increase the balance to a new high. The minimum payment will not decrease until the new balance is paid in full.

4 **Finance Charge.** If I do not pay the entire New Balance within 30 days of the monthly billing date, a Finance Charge will be added to the account for the current monthly billing period. The ***FINANCE CHARGE*** will be either a minimum of 50c if the **AVERAGE DAILY BALANCE** is $33.00 or less, or a periodic rate of 1.5% per month ***(ANNUAL PERCENTAGE RATE*** of 18%) on the first $500.00 of the **AVERAGE DAILY BALANCE**, and a periodic rate of 1% per month ***(ANNUAL PERCENTAGE RATE*** of 12%) on any part of the **AVERAGE DAILY BALANCE** over $500.00.

5 **How to Determine the Average Daily Balance.** Sears will determine each day's outstanding balance in the monthly billing period and divide the total of these daily balances by the number of days in the monthly billing period. The result is the Average Daily Balance.
Sears will include the current month's charges, but will not include any unpaid finance or insurance charge(s), when determining a daily balance.
All payments, credits for current purchases returned, and other credits will be subtracted from the previous days balance.

6 **Failure to Make Minimum Payment.** If I do not make at least the minimum required monthly payment when due, Sears may declare my entire balance immediately due and payable.

7 **Security Interest in Goods.** Sears has a security interest under the Uniform Commercial Code in all merchandise charged to the account. If I do not make payments as agreed, the security interest allows Sears to repossess only the merchandise which has not been paid in full. I am responsible for any loss or damage to the merchandise until the price is fully paid. Any payments I make will first be used to pay any unpaid insurance or Finance Charge(s), and then to pay for the earliest charges on the account. If more than one item is charged on the same date, my payment will apply first to the lowest priced item.

RETAIL INSTALLMENT SECURITY AGREEMENT

8. **Change of Terms—Cancellation.** Sears has the right to change any term or part of this agreement by sending me a written notice. Sears also has the right to cancel this agreement as it relates to future purchases. I agree to return all credit cards to Sears upon notice of such cancellation.

9. **Change of Residence.** If I change my residence, I will inform Sears. Sears has the right to transfer the account to a Sears unit servicing my new residence. When Sears notifies me that the account has been transferred, the account, including the existing balance, shall be governed by the credit terms which apply to Sears credit customers in my State of residence, including the **FINANCE CHARGE** and the method of determining the balance upon which the **FINANCE CHARGE** is based. Sears will provide me with a written disclosure of the new credit terms which apply to a new State of residence.

10 **Authorized Buyers.** This agreement controls all charges made on the account by me or any person I authorize to use the account.

11. **Credit Investigation and Disclosures.** Sears has the right to investigate my credit, employment and income records, and has the right to verify my credit references and to report the way I pay this account to credit bureaus and other interested parties.

12. **Waiver of Lien on Residence.** Sears gives up any right to retain or acquire any lien which Sears might be automatically entitled to by law on real estate which I use as my principal residence. This does not apply to a lien created by a court judgment or acquired by a filing as provided by statute.

13. **Account Subject to Approval of Sears Credit Department.** This agreement is subject to the approval of Sears Credit Sales Department. The agreement will be considered approved when Sears delivers a credit card or other notice of approval to me.

14. **Protection of Buyer's Rights.** The Notice below, which is required by law, is intended to preserve any claim or right I have against Sears if my account is ever sold or transferred to another creditor.

NOTICE: ANY HOLDER OF THIS CONSUMER CREDIT CONTRACT IS SUBJECT TO ALL CLAIMS AND DEFENSES WHICH THE DEBTOR COULD ASSERT AGAINST THE SELLER OF THE GOODS OR SERVICES OBTAINED PURSUANT HERETO OR WITH THE PROCEEDS HEREOF. RECOVERY HEREUNDER BY THE DEBTOR SHALL NOT EXCEED AMOUNTS PAID BY THE DEBTOR HEREUNDER.

15 Notices Required by State law

NOTICE TO BUYER: 1. DO NOT SIGN THIS CREDIT AGREEMENT BEFORE YOU READ IT OR IF IT CONTAINS ANY BLANK SPACE. 2. YOU ARE ENTITLED TO A COMPLETELY FILLED IN COPY OF THIS CREDIT AGREEMENT. KEEP IT TO PROTECT YOUR LEGAL RIGHTS. 3. YOU HAVE THE RIGHT TO PAY THE ENTIRE BALANCE AT ANY TIME.

Catalog shopping is easier than ever when you can say "Charge it!"

Apply now for a Sears Credit Card ..you benefit 6 ways

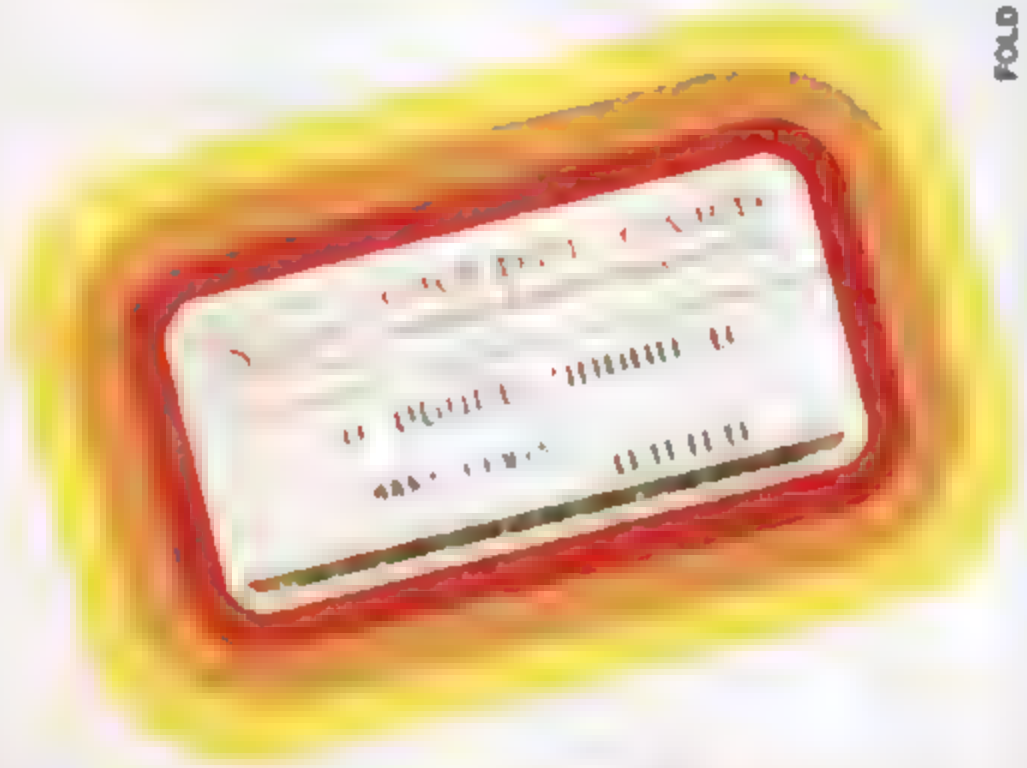
1. Order by phone when you can't come in. Just look up the phone number of Sears Catalog Telephone Sales in your local telephone book. Tell the salesperson you want to place a catalog order . . give your name, Sears Credit Card number, and say "Charge it." You can pick up your order at your nearest Sears Store, or, in most areas, have it sent to your home.

2. Nationwide Credit at Sears. Your Sears Credit Card is good at 3,600 Sears locations coast to coast. No matter where you live, travel, or move, you can always "Charge it" at a nearby Sears.

3. Take advantage of Sears special sales. Your Sears Credit Card lets you take advantage of savings during Sears sales or special offers . . even if it's not convenient for you to pay cash at the time.

4. No need to have cash on hand. You don't have to worry about having cash at home when your Sears package is delivered. You don't even have to be home. Leave a note and the driver will deliver your order to a neighbor.

5. Your satisfaction is guaranteed. We want you to be completely satisfied with everything you buy from Sears. That's the real foundation on which our business was built and is run. It's also your assurance of quality merchandise and good value. Everything you buy at Sears is backed by our promise "Satisfaction Guaranteed or Your Money Back."



6. There's no money down or minimum purchase required when you use your Sears Credit Card. And, you may spread your payments out over many months if you wish. (See page 326 for full details.)

Sturdy CAST ALUMINUM Cookware and Bakeware spread heat evenly to prevent hot spots . . . plus, durable SILVERSTONE® interiors provide super stick-resistance for easy cooking and cleanup

(1 thru 4) have porcelain ground off bottoms for faster cooking

Sears ★ Best

(1 thru 4) Cookware with beautiful striped almond porcelain coating

Save $41 7-piece Set $54.89 | Save $70 11-piece Set $89.89

CONSTRUCTION Thick cast aluminum spreads heat quickly and evenly; prevents "hot spots." Cast construction gives extra durability. Porcelain-coated exteriors resist chipping. Porcelain is ground off bottoms to put aluminum in direct contact with burner for faster cooking. Flat bottoms make this cookware ideal for electric and glass smooth top ranges. Extra-durable SilverStone® interiors (except teakettle unlined) provide excellent stick resistance, enabling you to cook without oil, plus, they make cleanup a lot easier. Heavy, snug fit lids help seal in moisture and nutrients so you can cook with less water. Bakelite® plastic handles and knobs stay cool and are oven-safe to 350°. Metal hangup rings on skillets and saucepans. Imported.

Countertop Convection Oven roasts more quickly, broils with less smoke and spatter, bakes at lower temperatures than conventional ovens

A silent fan circulates the heat so that every part of the oven chamber is uniformly hot, sealing in the natural juices

The result is even-cooked food. You can bake as many as 3 pies at once in the time it takes to bake 1 pie in an ordinary oven and at a lower temperature

Enjoy the taste of fresh fruits and vegetables without concern for spoilage. Dehydrate them in the Convection Oven with 6 stainless steel trays included with the oven

The concept of convection cooking is not new — chefs and fine restaurants have used convection ovens for years. There are good reasons for the convection oven's popularity with professional cooks: food cooks and tastes better when cooked in a convection oven. Also, with most types of cooking, food can be cooked at lower temperatures and for shorter periods of time than with an ordinary oven. This is all possible because of convection cooking's unique method of heat distribution.

HOW IT WORKS: In an ordinary oven the heated air is still. The Sears Convection Oven has a silent fan which circulates the heated air throughout the oven chamber. The air is in constant motion, cooking the food uniformly from all sides and sealing in the natural juices. As a result, cooking times are generally shorter and temperatures lower (so your kitchen stays cooler). Turkeys don't need basting and there is virtually no spattering. Frozen foods can be cooked without defrosting.

CONSTR: Oven chamber of porcelainized steel will not fade or discolor. Continuous-cleaning interior. Tempered safety glass door is dishwasher safe. 2 adjustable racks and a porcelainized drip pan with rack will pull out halfway for access to food but will not accidentally pull out all the way. Timer adjustable up to 4 hours. Buzzer sounds at end of selected time period. Two indicator lights: power on and heat on. Filter traps excess fats and solids and is dishwasher cleanable. Exterior, 17¾x18¾x13¾ in. high; interior, 13¼x9x11¾ in. high. Total weight is only 20 pounds.

TEMP CONTROL: Adjustable from 150° to 450°F. "Stay On" position for slow cooking and dehydrating.

ELEC INFO: Uses standard household current. UL listed 110–120-volt, 60-Hertz AC. 5½-foot cord.

ORDERING INFORMATION: See warranty below. Instruction booklet and cooking guide included.

16-speed Electronic Blender with solid-state microprocessor control

Solid-state controls mean it can do more blending jobs more accurately than any other blender we sell

Save $4.50 when you buy Electronic 16-speed Blender with Jar Set

$49.49

Solid-state technology makes this the most versatile, yet easy-to-use blender we offer. Pressure-sensitive control panel lets you choose from 16 speeds at the touch of a fingertip. Easy-to-read chart tells you what speed to select for the operation you wish to perform. After you've selected the speed, you can touch the START square, then, once the item being blended reaches the consistency you desire, touch STOP. Or with the touch of a finger, you can pre-set the blender to stop after 1 to 60 seconds of operation. Plus, this blender performs 6 common conversions from English to metric and vice versa: teaspoons milliliters, fluid ounces milliliters, cups liters, ounces grams, pounds kilograms, Fahrenheit Centigrade. Enables you to convert European recipes with ease.

Bi-fold Glass Door Firescreens can reduce air flow up the chimney by 70%*

You lose a substantial amount of heat up the chimney because you must keep the damper open while burning embers die. Sears lab tests on simulated fireplace fronts show that keeping doors closed at this time cuts air flow up the chimney by 70%*. Keep doors open while you enjoy a crackling fire, close them when you want embers to die while keeping warm air in the room. Retire feeling secure that these doors help keep sparks from jumping out of fireplace

(1, 2) Fully-assembled Glass Door Firescreen with mesh curtain, distinctive hood and side-pull chain

$99.99

FRAME, GLASS. 1¼6-in. thick steel frame, angular hood design at top of frame. 1½-in. of insulation helps reduce heat loss. Shatter-resistant ⅜16-in. thick tempered glass doors, full-length piano hinged, snap shut. Lift-out doors to clean. Does not fit fireplaces with protruding row of bricks across top of opening.

INSTALLATION Completely assembled. Mounts on outside of fireplace opening with clamps, included.

MESH CURTAIN Included. Helps prevent sparks from jumping out of fireplace. Side-pull chain operates mesh curtain.

Fireplace with chimney kit, brick mantel, marble surround, hearth not inc. **$549.99**

(1) Designed for do-it-yourselfers, no foundation or masonry work is needed. Low profile design facilitates easy handling, offset and return under 8 feet.

Fireplaces are so well insulated they're U.L. listed for zero clearance . . . sides, back and bottom can touch any building material, only surround and hearth which are used separately at right, must be made of non-combustible materials.

CONSTRUCTION: Self-contained unit includes insulation, fireproof firebox back and floor, porcelain on steel firebox sides. Accepts logs 20 to 24 inches long. Front operated positive seal damper adjusts chimney draft. Outside air intake ducts with barometric dampers supply cool outside air to fire by gauging fire's needs, keep expensively heated room air from being used for combustion.

Tempered glass doors with brass finish are heat resistant, guard against heat loss. Includes full width black fire screen to keep sparks inside. Two hot air registers are built in (position in wall above or around corner of fireplace) to allow for wider distribution of heat in home.

Optional blower sold below.

INSTALLATION: Locate against wall, fully or partially recessed, or enclose in corner. Chimney must extend at least 16 feet from fireplace bottom to chimney top. Chimney pipe fits between 16-in. on center studs and rafters.

ORDERING INFORMATION: Do not use for a through the wall chimney arrangement. No 90° elbow available. See Fireplace Note on page 382. This Dehydrator has stick-resistant screens for easy food removal, solid-state thermostat for ultra-close control of critical drying heat, adjustable air flow

Dehydrators reduce weight and volume by about 75%, making delicious dried food that's easy to store without refrigeration

Drying preserves food naturally—without additives—and saves money. By preserving food when it's at its peak, you can enjoy seasonal items year-round, take advantage of low prices on bulk-sized purchases, farm-fresh produce or fruit you've picked yourself. Dry fruit, vegetables, meat, even flowers.

Fan-forced pressurized air provides even drying. Recirculate air for energy savings when drying one food or flavor-compatible foods. Circulates air horizontally across each tray to prevent flavor mixing when drying different foods at same time. Dependable, long-lasting solid-state thermostat adjusts from 85° to 145°F; has safety heat shutoff.

CONSTR: Enameled steel cabinet. Easy-clean plastic interior. 8 removable dishwasher-safe trays, 1" min. apart. 14 sq. ft. drying area.

ELEC: 6-ft. cord. 115-120 v. AC, 60 Hz. UL-listed. 875 w.

Professional-quality Cookware made of hard-coat heavy-gauge aluminum

A special treatment makes it super-resistant to scratching, scouring, chipping, plus extra protection for flat bottoms. Big bonus: prevents hot spots.

Save $17 on 6-piece Set **$75.00**

CONSTRUCTION: Approved by the National Sanitation Foundation. Made of heavy-gauge stamped aluminum with extra thick flat bottom for quick, even heating. **Flat bottoms are ideal for all ranges, including glass smooth tops. A special electro-chemical treatment hardens aluminum while turning it a permanent slate gray color inside and out. Super hard surface prevents sticking for easy cooking, cleanup; resists scratching, pitting,** stains, fading, chipping and wear. Use with any kind of food, even light-color foods like white sauces. Tin-dipped iron handles and self-basting cover; pot handles have holes for hanging. **Hand wash only in warm, sudsy water.**

for details

Whether you're at home or on the road, this Mobile/Base Scanner is completely programmable. Keyboard entry lets you scan up to 6000 frequencies—all public service bands. No crystals to buy or install

Keyboard programming . . . simply use the keyboard to punch in the frequency or range that you wish to hear. Synthesized circuitry means there are no crystals to buy or install.

BANDS. Scan up to 6000 frequencies . . . follow all of the public service bands including: Low Band (32-50 MHz), "Ham" Band (144-148 MHz), High Band (148-174 MHz), UHF Band (450-470 MHz); "T" Band (470-512 MHz). Program any individual frequencies on 10 channels simply by entering the frequency number. To scan or search a range of frequencies, simply enter frequencies of the lower and upper limits of the range. Automatically scans all 10 channels in half a second or use manual scan control to scan all 10 channels at your own pace. Selective delay and lock-out function. Selective scan delay adds a two-second delay to reduce chance of missing transmissions when "calls" and "answers" are on the same frequency. LED numerical display for frequency lets you know which channels your scanner is monitoring.

CONSTRUCTION. Woodgrained and black molded plastic cabinet measures 10¾ wx3¾x7⅛ inches deep. 100% solid state chassis. Rotary volume and squelch controls. Front-mounted 3-inch speaker. Telescoping antenna. Connectors for external antenna and speaker. Includes mobile mounting bracket and hardware.

FULL ONE YEAR WARRANTY ON REFRIGERATORS AND FREEZERS. For one year from the date of purchase, when the product is operated and maintained according to instructions attached to or furnished with the product, Sears will repair the product free of charge if defective in material or workmanship. **FULL FIVE YEAR WARRANTY ON SEALED REFRIGERATION SYSTEM.** For five years from the date of purchase, when the product is operated and maintained according to instructions attached to or furnished with the product, Sears will repair the sealed system (consisting of refrigerant, connecting tubing and compressor motor) free of charge if defective in material or workmanship. Warranty service is available by simply contacting the nearest Sears store or Service Center throughout the United States. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. **LIMITATION OF IMPLIED WARRANTIES.** These full warranties apply to products when they are used for storage of food for private household purposes only.

FOOD LOSS COVERAGE LIMITATION ON FREEZERS. If promptly reported to your nearest Sears store or Service Center, Sears will reimburse you up to a total of $100.00 for the value of food as verified by Sears, lost while stored in the freezer when used for private household purposes as a result of defects that occur during the first year following date of purchase; failure of the sealed system (consisting of refrigerant, connecting tubing and compressor motor) due to defects that occur during the second thru fifth year after purchase. If product is used for other than private household purposes, Sears will not be responsible for any food loss. Food losses resulting from other than the above stated defects, such as refrigerator storage, power interruption, inadequate power, manual disconnect of power, spoilage, fire damage, water damage, theft, etc., are beyond our control and are not covered by Sears. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

Microwave cooking is more than just quick and convenient ... many foods, especially fresh vegetables, taste better and retain more nutrition when cooked in a microwave oven.

Touch-sensitive electronic controls make this Kenmore Microwave Oven quick and simple to program *plus* 2-stage, computer-type, electronic memory gives you added convenience

A ELECTRONIC DIGITAL READOUT —shows cooking time, temperature or power.

B 2 STAGE MEMORY —program 2 cooking operations ... oven performs first one, then automatically shifts to second.

C TEMPERATURE-SENSING PROBE —lets you cook food to the exact temperature you desire—just insert probe into food and set the temperature desired. Oven will shut off when that temperature is reached, or if you prefer, hold food at that temperature for up to 99 minutes.

Priced $90 less than in our 1979 Spring Big Book, p. 943. Electronic memory makes microwave cooking more convenient. Set time and power for the first operation, then set time and power for the second operation ... oven remembers to shift automatically. Temperature-sensing probe lets you cook by temperature. Just insert probe into food—meats, casseroles, soups, stew and more—, set the temperature desired. When food reaches that temperature, oven will either shut off automatically or, if you prefer, hold the temperature constant ... up to 99 minutes. Just touch calculator-style electronic controls to set power, time and temperature. Digital electronic readout displays each one as you set it ... when not in use shows time of day. Tone also sounds when you make an entry. 99-minute timer. Delay start up to 99 minutes. Time, temperature and power indicator lights. Control panel wipes clean easily.

COOKING POWER: Variable power settings from 90 to 625 watts AC.

DIMENSIONS: 1.4 cu. ft. capacity. Interior 14⅝"x10⅝"x9¾" high. Overall measurement is 24"x19⅝"x15⅝" in.

Electronic SOLID-STATE controls make this the most advanced Gas Range we've ever offered!

The simplicity of touch sensitive controls
—just a touch from your fingertip is all it takes to activate them. Plus reliable solid-state controls have no moving parts to wear out.

The precision of a digital timer
—digital readout is visible in light or dark. Minute Minder timer not only gives accuracy down to the minute, but right down to the second!

The cleanability of a smooth glass backguard
—no knobs and extensions on this control panel to collect dust or grease. Just wipe clean. It's as simple as that.

OVEN BROILER Pilot free ignition. Continuous cleaning oven. Lo Temp oven control keeps food warm without overcooking. Oven light. 2 oven racks. Fully automatic oven can be preset to turn on, cook, then turn off. Roll-out broiler with pan and grid.

COOKTOP Porcelain enameled cooktop lifts up or off to ease cleaning of burner box. Four pilot free burners.

BACKGUARD Tempered glass with chrome plated trim. Digital clock and oven timer. Separate Minute Minder timer can be set for up to 99 minutes, 99 seconds. Touch-sensitive oven controls emit "beep" tone when entry is made. Oven "on" light. Fluorescent backguard light.

CONSTRUCTION Removable black glass door with window. Painted black broiler drawer front. Conventional knob controls on front-mounted panel control burners and ignite oven. Measures 48x29-9/16x28 inches high overall.

GAS SPECIFICATIONS Design certified by A.G.A. for natural or LP (bottled) gas. Gas connector required for hook up — order from Big Book. 115-120 v, 60 Hz, AC only.

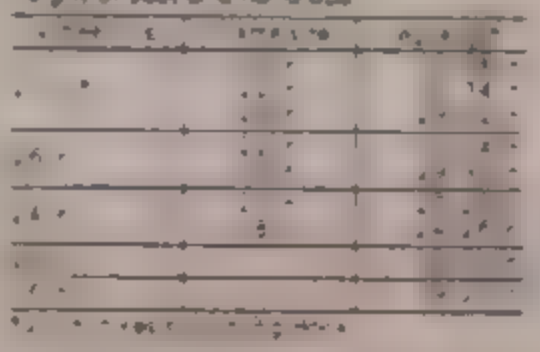
Free Spirit Bicycle Warranty

FULL 30-DAY WARRANTY ON MECHANICAL ADJUSTMENTS For 30 days from the date of purchase, when proper assembly and maintenance procedures in the Owner's Manual are followed, Sears will perform, free of charge, any mechanical adjustments that are necessary for the proper operation of the bike when used in a normal manner (which does not include use with a motor or for motocross).

FULL 1-YEAR WARRANTY ON PARTS For 1 year from the date of purchase, Sears will, free of charge, repair or replace and install a replacement part for any defective part of bicycle, when used in a normal manner (which does not include use with a motor or motocross). If bike is used for commercial or rental purposes, this warranty applies for only 30 days from date of purchase.



FULL WARRANTY ON FRAME FOR USABLE LIFE OF BICYCLE For the useable life of bicycle, Sears will replace the frame, free of charge, should it fail at any weld point when bicycle has not been abused and when it has been used in a normal manner (which does not include use with a motor or for motocross). If bicycle is used for commercial or rental purposes, this warranty applies for only 30 days from the date of purchase. Warranty service is available by simply returning the bicycle to the nearest Sears store throughout the United States. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

Gear Ratio, Assembly and How-to-Measure Notes

SELECT THE GEAR RATIO RANGE THAT SUITS YOUR NEEDS Gear ratios determine the distance your bike will travel per pedal revolution. The lower number is the easiest to pedal; gear used for starting and steep inclines; the higher number is the hardest to pedal; gear giving you the greatest distance per pedal revolution and the most speed. 10-speed bikes are suited to longer rides because they have wider ranges and greater gear selection than 3-speed bikes and require less pedaling effort on inclines. 3-speed bikes are more suited to short tours and lesser inclines.

ASSEMBLY NOTE Sears bicycles sent partially assembled; assembly instructions included. Tools required for assembly are 2 open-ended adjustable wrenches, 1 phillips-type screwdriver and 1 blade-type screwdriver. Most Sears Retail Stores and many Catalog Stores will arrange for assembly of bicycle for a small charge only.

HOW-TO-MEASURE To determine your leg length, measure (wearing shoes you wear cycling), distance from your crotch to the floor. Make sure the bike you order is available in a size with a recommended length that corresponds to your leg length (see chart below). Sears bikes may be adjusted for slightly longer legs by raising the height of seat and handlebar.

REFLECTOR NOTE Sears bicycles meet all federal requirements for reflectorizing.

Winnie-the-Pooh says play time entertains while helping to develop young hands and minds

We all know that children's play time is fun for them. That's obvious by the sheer joy in their faces. But play time is also an excellent time for learning. Children, by the simple act of playing with toys, discover sights and sounds, are challenged and taught, stimulated, fascinated and rewarded. Sears offers you a large selection of toys to do just that. So take it from Pooh, play time teaches, too

So easy to buy when you just use the phone

You can race them because each operates on a different frequency!

Set your car to go fast or slow by hand, then use the radio control to turn right, left or shift into reverse. Never before has Sears offered all these features at such a low price!

Only $18.99 each without batteries

It's Porsche vs. Corvette in a classic confrontation. 12 hours at Sebring. 24 hours at Daytona. this afternoon in your house or driveway! Radio-controlled Can-Am Corvette and Porsche 917K each hear a different radio frequency so you and a friend can have actual races. Lay out a course with the five pylons included with each car and then use actual racing maneuvers to flash past the finish line in first.

Slingshot around your opponent on a corner and then blast down the straightaway in an endurance race. Make tight-radius turns through pylons in an auto cross.

REALISTIC DETAILS LIKE THOSE SEEN AT LeMANS

Both cars have mag-type wheels with fat racing-style tires, colorful racing decals and low body profiles that help them hug the ground. The Porsche has stabilizing fins and realistic-looking engine air intakes in back. The Corvette has aerodynamically widened rear bodywork and a front air dam.

BROADCAST YOUR RACING COMMANDS

The radio-racer remote control transmitter has a streamlined design for easy handling. As the car moves forward, a light touch on the racing-style steering wheel turns it left or right. Touch a button and the car shifts into reverse to avoid crack-ups. Transmits up to 30 ft. indoors, 60 ft. outdoors.

Cars are made of plastic with metal parts and measure 7½ inches long. Radio-control transmitter is plastic with spring antenna. Imported.

Electric Sportavia

. . . the totally electric, ready-to-fly, radio-controlled plane

With Electric Sportavia there's no fueling around! Why fuss with gas or waste valuable flying time trying to get an engine started? Just flip a switch to start Sportavia's powerful electric motor and you're ready for take-off with the first totally electric ready-to-fly radio-controlled plane ever offered by Sears!

USE PILOTING SKILLS FOR EXTENDED FLIGHT

Over three minutes of powered flight lets you take Sportavia up to soaring height. After that, your own skill determines how long you stay up. With practice a good pilot can manage up to 20 minutes of gliding flight.

A giant 70-inch wingspan produces plenty of lift while the two-channel radio-control allows use of both rudder and elevator to give you the fine control needed for performing tricky maneuvers. The radio control's digital proportional sticks help add realism to your flight. Use a light touch for fine course adjustments or a "heavy hand" to bank, dive or roll. Sportavia has the capability to perform almost any maneuver you care to try!

READY TO FLY

No building or gluing is required. Sportavia is made of molded polystyrene foam and plastic with factory-decorated finish. Wings, tail group and landing gear remove for convenient transportation. Snap-in radio installation.

Includes rechargeable nickel-cadmium battery pack, battery charger; plugs into 12-v. auto cigarette lighter receptacle, recharges in about 20 min. (order replacement nickel-cadmium battery pack below to minimize time between flights).

Radio (imported) requires 12 "AA" alkaline batteries (order from opposite pg.). Operation of Sportavia requires class "C" FCC license available upon request from FCC. Shipped partially assembled.

FOR AGES: 14 years or older.

ORDERING INFO: See warranty note, p. 648.

Video Arcade™ Cartridge System

Turns any TV set into a family game center

$154.95

In our 1977 Wish Book Sears introduced a new programmable video game called Videc Arcade It was back then and remains today one of the most popular in the world The reason is simple With Videc Arcade you can choose from such a large variety of game cartridges that your family should always enjoy playing with it

IT WORKS LIKE A MINIATURE COMPUTER

The heart of this system is a micro-processor By simply inserting a game cartridge you automatically program the system to play a new series of exciting video games ... in vivid color on color TV sets action sound on-screen scoring

There's even a special skill-option control with novice and expert settings for each player so the games can be made more challenging as your skills increase

INCLUDES TARGET FUN GAME CARTRIDGE

This cartridge lets you choose from seven different playfields and 27 different games It turns your TV set into a shooting gallery of fun as you try to hit the clowns, ducks and rabbits darting across the screen. Different objects have different point values and the winner is the first player to score 99 points. Other games included in this cartridge are Anti-aircraft, Torpedo, Missile Bomber and Missile vs Bomber And each of these can be made more challenging by selecting versions using steerable missiles, barricades or smaller missiles You can even play against the built-in robot

EVERYTHING'S INCLUDED BUT THE TV SET

The streamlined impact resistant plastic console is 14 by 9½ by 3½ inches high It attaches easily to your TV antenna terminals with the special game switch that's included You get four plug-in controls to play the various games two joystick controls with firing button and two paddle controls (order extra set of paddle controls sold separately at right for those cartridges that have 3 or

4 players capability) Requires no batteries operates on a 9-volt power supply with 16 foot cord Just plug it into any 110-v AC outlet.

for you and your family

The new Atari 400™ Personal Computer System can teach, play games and help organize your life —but it doesn't take a genius to use it

For many people a computer is one of those exotic number crunchers that calculates satellite orbits or audits tax returns in the bank of an evil nation. Now the idea of actually owning and operating one of these things (even a small one) does not seem to be practical or even possible for the average person.

The Atari 400™ personal computer system gets a novice beginning the computer for exciting, educational and useful purposes by simply placing pre-programmed cartridges (sold separately) into the console and pressing a few buttons. Of course, the system is also designed to keep on challenging you for years to come because it is a powerful, general purpose computer you can program yourself.

LIKE EVERY COMPUTER THIS ONE PERFORMS MANY MATHEMATICAL FUNCTIONS WITH UNCANNY SPEED

Inside the sleek computer console there's a powerful electronic brain and memory that can store and manipulate over 8000 bytes (8K) of computer knowledge or information at a time. Among other things this power can be used to perform a wide variety of arithmetic and advanced mathematical computations with numbers up to 10 digits long. On a more practical level, you can use the computer's capacity to store names, numbers, addresses, even recipes then recall and sort them in an infinite variety of ways. But that's not all. Look what can be done using the optional cartridges and cassettes sold on the facing page.

IT CAN ALSO BE A TEACHING MACHINE

By inserting the Educational Cartridge into the console you've programmed the brain to teach a variety of courses.

TAKE A COURSE IN SOCIOLOGY

Use one of the Educational Cassettes with the Program Recorder (sold on facing page) and the system automatically begins teaching by using a printed text, spoken voice and simple graphics. As the lesson progresses, the computer tests you by asking multiple-choice questions. Answer questions by pushing keys on the console. If you answer incorrectly, the computer tells you how. If you are correct, the computer continues the lesson.

Years to come additional cassettes will be offered on subjects from auto mechanics to foreign languages. Like having a whole battery of your favorite instructors

PLAY 1, 2, 3 OR 4-MAN BASKETBALL

TRY 1 TO 4-PLAYER SUPER BREAKOUT

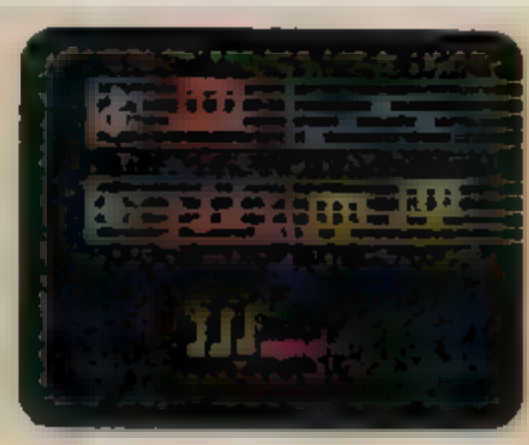
PLAY GAMES MADE FAMOUS BY ATARI

The Game Cartridges make full use of the computer's ability to display vivid action, color and sound as well as a wide variety of game options to challenge and entertain you.

With up to 4 optional Joystick Controllers (sold on facing page) you and your friends can play like basketball by running, jumping, blocking shots, dribbling and shooting baskets. Score and elapsed time is shown on the screen.

With up to 4 optional Paddle Controllers you and your friends can compete in exciting Super Breakout. Or if you choose, play either game against the computer.

CREATE BEAUTIFUL KINETIC ART USING THE LIFE CARTRIDGE

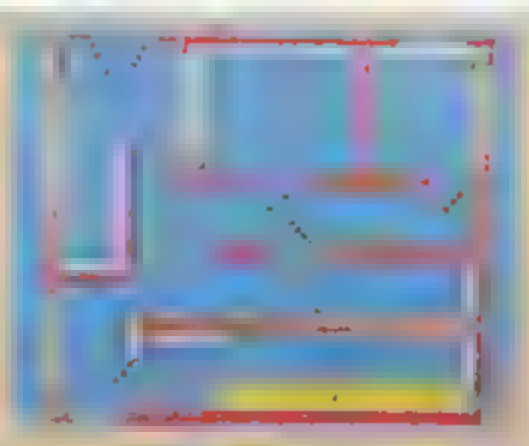


WATCH COLORFUL PATTERNS DEVELOP

Translating electronic impulses into exciting full color graphics is just one of this system's many talents. Using the Life Cartridge and up to 4 optional Joystick Controllers, select the color, shape and direction of graphic elements and watch the computer create fantastic arrangements that grow and evolve like exotic blossoms on your TV screen.

YOU CAN EVEN COMPOSE MUSIC

Plug in Music Composer Cartridge, arrange or change notes on your TV screen with a couple joystick Controllers. Enter key and tempo. Touch button to hear tune played. Save music on blank cassette using Program Recorder.



YOUR TUNE IS SHOWN AND PLAYED

DO YOUR OWN PROGRAMMING

The cartridges and cassettes sold on the facing page and those to come in the future make using a computer useful and fun with little need to understand just how the computer works. Sooner or later though, you'll get the itch to create your own games, handle business and home financial problems, keep household records, making and recipe lists and a thousand-and-one other applications that will develop over the years. That's why the system includes a Basic Language Cartridge, Basic Language Instruction Cassette and a 332 page Programming Textbook. With them you can talk to the computer on its own terms. Using the Program Recorder you can store your own specialized programs on ordinary audio tape cassettes for later use.

THE BASIC SYSTEM IS VERSATILE

PROGRAM PICTURES, CHARTS, GRAPHS

You enter, alter and manipulate text, graphics and sound operations using the 57 key full-function sensitive typewriter keyboard and 4 special function keys. Type in upper and lower case characters, sound and access 64 different graphic symbols. Insert optional program cartridges into console to add specialized instructions to memory.

The Atari 400 personal computer console has input jacks for up to 4 controllers, plus the Program Recorder. A TV switch box lets you attach the console to any TV set. Console operates on 9 V AC adapter/converter. System also includes Basic Language Cartridge and instruction cassette, textbook and operating manual.

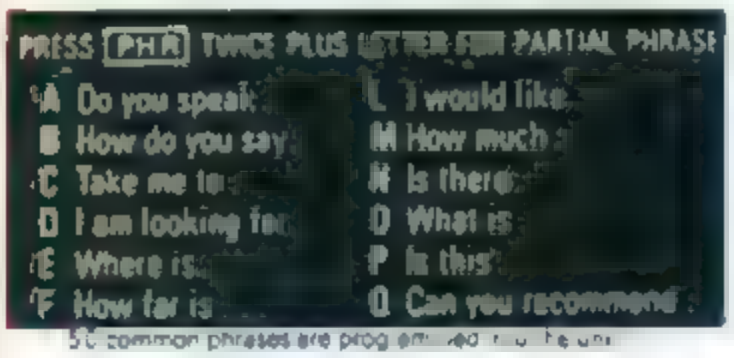
Instant Translator



Interprets words and phrases from one language to another at the touch of a few buttons . . . and it's a calculator and metric definer, too

Ordering an omelet in Yokohama could be a problem if you don't speak a word of Japanese. Now there's a way for you to communicate clearly in Japanese as well as German, French, Italian or Spanish—without saying a word—using this electronic interpreter and optional language capsules.

IT'S SO SIMPLE TO USE WHEN YOU TRAVEL

To translate words, just enter them in English, press a button and the foreign words flash on the screen in big blue letters. To help speed a conversation, fifty common full and partial phrases are programmed into the unit and each is listed on its back along with a code letter. Tapping the phrase key and that code letter displays the entire phrase instantly.

50 common phrases are programmed into the unit

A 1200-word English capsule is incl., there's space for two more capsules within the unit so you can even translate between foreign languages.

IT'S A GREAT LANGUAGE TEACHER

The computer can flash all of the words within its memory by category (for instance, all the words related to travel like 'car', 'fare', 'ticket', etc.) by their frequency of use or alphabetically. It even helps correct misspelling and can clear up double meanings (by asking whether the word 'watch' means "to see" or "a clock", for example).

When long phrases won't fit on the 16-character display, they move across the screen (you can even control speed of movement). Plastic case 6¼x3½x1½ in. high. Vinyl carrying case includes adapter for use with 110–120-v., 60-Hz AC.

Do you believe in lucky stars?

Believe in 'em or not, the new Zodiac™ Astrology Computer offers astral advice using modern electronics

With this fascinating electronic "brain" and the Zodiac™ Manual edited by world famous astrologer Sidney Omarr, you can chart horoscopes for anyone simply by knowing his or her birthdate, time and place

Whether you're a curious skeptic or a true believer the Zodiac™ Astrology Computer can tell you which house your stars are moving into while you relax at home

This electronic star gazer offers a two-edged advantage over other methods of determining your horoscope It provides a reading that's far more personalized than horoscopes in the newspaper because you enter your own (or a friend's) day time and place of birth into the computer's brain And you won't have to travel to a professional astrologer for a daily survey of the comings and goings of cosmic influences

INTRODUCING ZODIAC

Zodiac™, The Astrology Computer is just the thing for people who believe that their lives are influenced by the stars. When used in conjunction with the Zodiac™ Manual, Zodiac™ can help you learn more about yourself, your friends, your past and your future

ZODIAC™ MANUAL

The Zodiac™ Manual is a complete instruction and source book for Zodiac™, The Astrology Computer The editor is well-known astrologer Sidney Omarr who is featured on his own radio program and in his daily astrology column which is published in newspapers throughout the world

WHAT ZODIAC™ CAN DO FOR YOU

The Zodiac™ computer when used with the Zodiac™ Manual, can furnish you with three different types of star-struck information

In the Horoscope Mode you can get a computer readout of the planetary positions at the time of your birth and a list of corresponding personality characteristics. With this information plus the additional data found in the manual you can chart anyone's horoscope simply by knowing the date time and place of his or her birth

In the Daily Preview Mode Zodiac™ can clue you in to how the stars appear for any day you have in mind–past, present or future

In the Advice Mode, the Zodiac™ computer can offer its opinion about some of the many questions you ask yourself each day "Should I travel today?", "Is this a good time to start saving money or to spend it?", "Should I see my former boyfriend tonight?"

IT'S SIMPLE TO GET YOUR EXACT HOROSCOPE

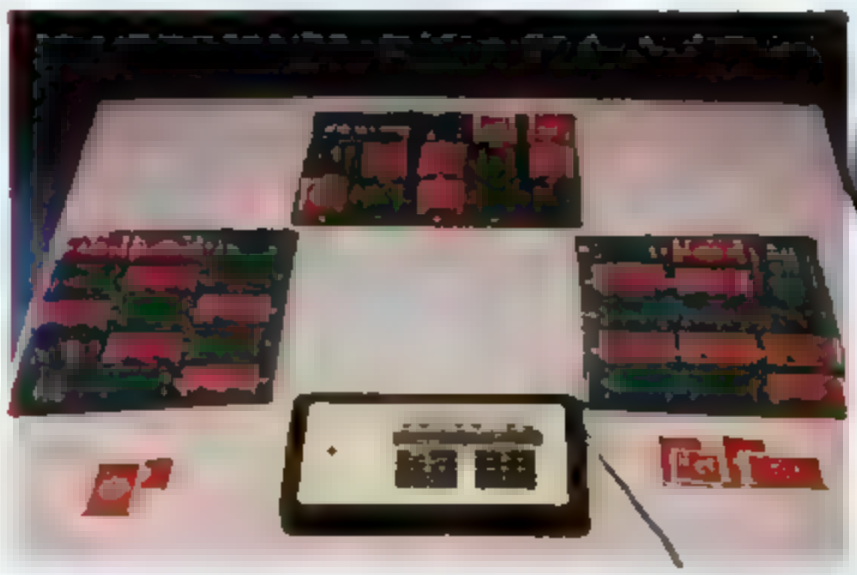
As sophisticated as the computer sounds the Zodiac™ is simple to use To chart a horoscope, look in the manual to find the proper codes for the date and place of your birth and enter them in the computer Next, punch in the time of your birth. Then, watch the lights and listen to the electronic sounds as Zodiac™ goes to work

Code numbers will appear on the digital readout Copy these down on the horoscope form provided and then match them up with the personality characteristics and assessments listed in the manual It's that easy

It's just as simple to get a daily preview or the computer's answer to a question Just follow the directions in the manual

Want to dig deeper? The Zodiac™ Manual can tell you how to work out more detailed astrological information

Plastic unit measures 7x2 inches high Manual and astrological charts included



ORDERING INFORMATION Uses two 9 volt alkaline batteries or AC adapter (not included)

CHRISTMAS is for Children
FAMILY GAME CENTER
at Sears 659

It's a computerized bridge club in a box!

Built-in computer is so powerful it lets this electronic marvel play bridge as your partner, your opponents or both . . . or you can watch how the game "outsmarts" itself in fully automatic play

Need a fourth for bridge? Or a second, third and fourth? Or would you rather watch while four "others" play? Bridge Challenger® is always ready for a game whether you're short a player or your bridge club is curious to see how a computer would have played their hands. Just tell the machine which positions to play (N, E, S, W), then deal out the custom cards as you normally would.

As each computer-zed player asks to see its hand, pass its cards—face down, one at a time—over the optical scanner and then place them in order on one of the three green felt playing fields [illegible].

In this manner, "everyone" sees only his own cards.

STAYMAN, GERBER AND BLACKWOOD PLUS SIX OTHERS

Bridge Challenger® automatica ly uses Stayman Gerber and Blackwood. Assign each pair of partners one of the six additional conventions or variants that the machine knows. Preferred Minor Strong Two Club and Weak One No-trump Openers, Jacoby Transfers, the Baron Convention and the possibility of specifying the strength of the 2NT reply following a suit opener. Follow your favorite conventions while entering your bids, the machine will automatically display its own bids on its turns, using the convention you selected for it. When bidding is completed, the screen displays the contract and play begins.

COMPUTERIZED DUPLICATE PLAY

Completing the contract does not have to end play. You also have the option to replay the hand. Just designate any new combination of human and machine players for full duplicate play. And if you wonder how the computer would have done if it had bid "three no trump" instead of "two spades," just override the electronic player's bid and substitute your own.

Bridge Challenger's 176,512 memory bits allow popular defensive play, finesse and squeezes. It rejects illegal bids, displays reneges, lets you review bidding (and the last trick played) and indicates vulnerability . . . all instantaneously.

100% solid state with solid hardwood housing 13½x8½x1⅛ in. high. Comes with 2 decks of custom playing cards, carrying case, 9 volt adapter and 6-ft. cord for use with 110-v., 60-Hz. AC.

Computerized Racing

Thrill to the sound and split-second timing of big-time racing on the mini-car circuit with the electronic AFX® Data Race™ Control Center and Sound Tower

Strategy is the name of the game. Deciding how many pit stops to make, how much fuel you'll use or how hard to push your machine can make the difference between taking the cup or losing the race. Now, there's a mini-car racing system that puts your strategic skills to the test.

PROGRAM A SHORT SPRINT OR A "500"

Enter the number of laps for a race into the Control Center computer. Big blue LED displays for each racer click off the laps as the cars pass through the start/finish gate.

DECIDE HOW MUCH FUEL TO TAKE ON

Adding fuel during the race takes precious time. If you put too many "gallons" of fuel into your car your competitor will be making tracks while you're at the pump. Take-on too few "gallons" and you'll be forced into a time-consuming pit stop because the computer automatically stops counting laps when your racer "runs dry". The digital read-out indicates how many "gallons" you've added.

GENTLEMEN, START YOUR ENGINES

With the Sound Tower you'll hear the sounds of a real race in progress. The Control Center's LED indicators actually count down the start of the race. All thru the race you'll hear the roar of big engines on the move. The computer sounds a victory "cheer" and shows the crowd which car won.

ORDER YOUR DATA RACE CONTROL CENTER AND SOUND TOWER WITH SLOT OR SLOTLESS TRACK RACING SETS

If you already own an AFX Racing Set, you can add the Data Race Control Center and the Sound Tower to upgrade your set for exciting action.

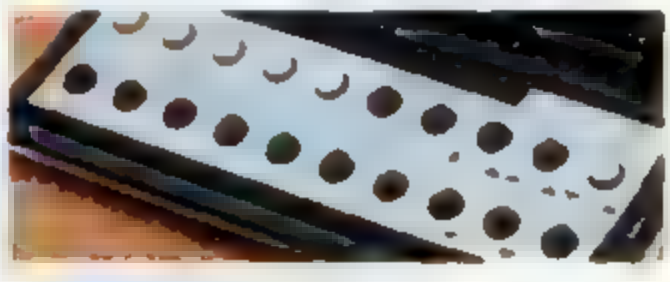
Four Games in one

The Game Machine™ lets you break the bank at Vegas playing Black Jack, go to a carnival with Shooting Gallery, test your logic as a Code Hunter or narrowly escape crack-ups in the Grand Prix

$47.97 without batteries

Each game is one quarter of the fun, but you'll never run out of quarters while playing computer games in you own arcade! Forget about a coin slot . . . just a touch of a button and you're ready to play on a deluxe, tabletop console with large fluorescent display and realistic electronic sound effects. There's a different scoreboard and control panel for each game . . . colorful overlays pop in and out to change the look of the Game Machine™ and add to the excitement. Snap on the overlays, select a game and you're ready to play.



FOUR DIFFERENT CHALLENGES IN ONE

Black Jack tests your daring and decision-making as you decide to "hit" or "stand" against an electronic dealer. It takes quick reflexes and an accurate "trigger finger" to hit Shooting Gallery's target as it dodges across the board on a zigzag, random or cyclic pattern. Code Hunter tests your powers of deduction as you try to crack a secret 4-digit code while it takes precision coordination to win the Grand Prix.

FOUR FUNCTIONS PLUS MEMORY IN ONE

When play time's over, just take off the overlays to reveal a four-function, seven-digit calculator with floating decimal and memory storage for performing chain operations. Use it to add, subtract, multiply or divide.

Large buttons and display make it simple and fun for everyone

Solid state construction, microprocessor operated. Plastic case and plastic coated overlays. Case measures 11x8½x5½ inches. Score pads for all games are included. Take it along in the car or leave it on a desk . . . unit operates on 6 "C" batteries (not included).

Price Breakthrough

Never before have we offered hand-held electronic games that are so much fun to play and so difficult to master yet are priced so low

Your choice of Electronic Numbers Game or Follow Me

Each only **$14.99** without battery or adapter

These aren't the first or the only hand-held computer games that challenge your memory and powers of deduction. There are others on the market that play virtually the same way as our Follow Me and Electronic Numbers Game. What makes these so special is our $14.99 price. Compare this price, compare the features and we're sure you'll agree that these are exceptional values.

Electronic Numbers Game

Here's the computer game that challenges you to break a secret code while the computer gives you the clues and keeps score.

IT'S ENTERTAINING AND EDUCATIONAL

Set secret 4-digit code for another player to solve or let the computer set one for you. Then begin testing numbers in different sequences. After each try the computer tells which are correct and in the right sequence until code has been broken.

WHO'S THE MASTERMIND IN YOUR FAMILY?

Play the Numbers Game by yourself. Or you can double the fun playing against someone else. In this version you're not only testing your code-breaking skills but also your ability to develop codes that are difficult to solve. You can even play with a group. Plastic case measures 5½ by 3½ by 1 in. high. Includes vinyl carry case, scorepad.

FOR AGES: 8 years to adult.

ORD. INFO: Instr. incl. Needs 1 alkaline 9-v. batt. or AC Adapter, not incl. Order battery on p. 666.

Electronic Follow Me

Probably no other type of hand-held electronic game is so easy to play yet so difficult to master. And that's why this game has become so popular with children and adults of all ages.

MATCH YOUR MEMORY AGAINST THE COMPUTER

Follow Me will play a random sequence of lights and sounds. All you have to do is repeat them by pressing the correct "Follow Me" buttons. Sound easy? Well it is for the first few series. But then each sequence becomes progressively longer and faster, too. If your memory is good enough you're rewarded with a victory tune—but if it isn't, Follow Me will signal loud and clear that you made a mistake.

THERE ARE 3 GAME VARIATIONS AND FOUR SKILL LEVELS

You can let the computer program the sequence of sounds and lights. Or you can set up the sequence for your opponent to follow. The computer remembers what has been the longest sequence followed correctly and will replay it at just a touch of a button. It will also recall the last sequence played whenever you wish. Even a group can have fun with Follow Me. In this version each player has a different color and remains in the game as long as he or she plays that color at the proper times. Make a mistake and you and your color are out of the game. The different skill levels make the game more challenging by playing longer and longer sequences to follow.

Follow Me is housed in a plastic case that's 5 inches in diameter, 2 inches high.

FOR AGES: 6 years to adult.

ORDER INFO FOR FOLLOW ME: Instr. incl. Requires one alkaline 9-v. battery or AC Adapter, not incl. Order battery on p. 666.
